Local issues we have been tackling:

OFFICER COMMENTS: PC Davison

I would like to take the opportunity to say you as the community council continues to provide an excellent service for the local community and thank you for the support you provide to the community team. If I could I would be at every meeting as I recognise the importance of maintaining the relationship between yourselves and Police Scotland.

I am always available to be contacted directly either by e-mail sam.davison@scotland.police.uk or calling 101 and asking for myself or of course by feeding it back through Steve or Vikki who will let me know.

If you would like any specific information that you feel is missing from the reports please let me know and I will look see if it can be included.

Local Policing Structure.

Chief Inspector Neil Wilson

Inspector Carolyn Flynn

Sergeant Sandra Watt

Community officers PC Sam Davison & PC Susan Fulton.

Carrick Knowe pedestrian crossing

Continuing patrols of the crossing has resulted in a number of tickets issued.

Motorbike St Johns road – Reports of a motorbike mounting the pavement. Please phone if this is spotted with as much detail as possible registration plate (if there is one), colour etc. There is a public CCTV camera on St Johns road that could be used to pick up the Motorbike.

Primary schools – Officers continue to support primary schools with bad driving around the schools. Illegal parking (yellow lines etc, remain the remit of the council so if there is ever a chance to lobby for more parking attendants at schools, please do) the police deal with dangerous parking, driving and parking on crossings (white Zig Zags).

Corstorphine primary has both Corstorphine High street and Manse street to contend with. A number of people have reported directly to myself with photographic evidence of persistent offenders this has resulted in home visits with either warning or fines issued. This is often more effective use of time as this can change driver behaviour over the long term as opposed to random high vis patrols where people simply adhere to rules when they see an officer (well most do). Both tactics are useful, but please don't think by not seeing an officer on site we are not trying to tackle the problems. On Manse street it's unfortunate that drivers continue to flout the councils Safer streets scheme, we are working with the school regarding options to nudge drivers into adhering to the rules that keep everyone safe.

Operation Close Pass

We ran operation close pass on Saughton road north. 15 x drivers were stopped for careless driving around the police cyclists

Advice section
